The road to the medals

As soon as the Olympic flame has been lit, the participants in the IKA/Culinary Olympics have only one objective: to gain as many points as possible. The jury will judge the teams and individual exhibitors in each competition discipline.

On the four competition days from 15 to 18 February 2020, gold, silver and bronze medals will be awarded in every competition based on the number of points. At the final award ceremony on Wednesday, February 19 2020, the total number of points will decide who will be the Olympic champion.
